## Platform Development Roadmap

Platform Development Roadmap 1

| Sprint Apr 01 | Sprint 1 Start<br>Apr 6, 2018 | Sprint 2<br>May 01 | Sprint 3<br>May 31 | Sprint 4<br>Jun 30      |
|---------------|-------------------------------|--------------------|--------------------|-------------------------|
|               |                               |                    |                    | Deployment planning     |
|               |                               |                    |                    | DB update  Load Testing |
|               |                               |                    |                    | Continuous improvement  |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
|               |                               |                    |                    |                         |
